NOTICE OF ALLOWANCE

Allowable Subject Matter

1. Claims 1-3, 5-12, and 14 are allowed.
2. The following is an examiner's statement of reasons for allowance: The present invention relates to a box-end wrench having a resilient ring disposed in the box end. It is the examiner's opinion that the provision of a controlling switch pivotally connected to the head section and the resilient ring, the ring being disposed in an annular groove on an inner circumference of the socket defining the box-end wrench, has neither been anticipated nor rendered obvious by the art of record considered as a whole, alone or in combination, together in combination with the rest of the limitations in the independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Thomas whose telephone number is (571) 272-4497. The examiner can normally be reached on 7-4 M-F.
